### MATLAB Current Folder Preferences

**History**

Number of most recent folders to save: 20 Clear History

**Refresh**

☑ Auto-refresh view from file system

Number of seconds between auto-refresh: 3

**Path indication**

☑ Indicate inaccessible files (e.g. not on path, private folders)

Text and icon transparency:

☑ Show tooltip explaining why files are inaccessible

Not on Path
On Path
Sample.m

**Toolbar**

To add, remove, and rearrange controls, customize the toolbar.

**Initial working folder**

View initial working folder preferences

**Hidden files**

☐ Show hidden files and folders

Restore Default Settings
